

■ FOR SCHOOL DISTRICTS

Diagnose staff burnout. Bring it to the cabinet table.

A 30-day staff burnout diagnostic for school districts. District-wide assessment, building-level heatmap, principal training, cabinet readout.

II. DELIVERABLES

-04 ITEMS

■ 01

District-wide assessment

Every staff member — teachers, support staff, admin — takes the 36-item BurnoutIQ. Each receives a private personal reading.

■ 02

Building-level heatmap

Burnout risk by school, color-coded by severity band, with the dominant archetype called out per building. Privacy floor: n ≥ 5.

■ 03

Principal training

A 90-minute live session for building leaders on reading the heatmap and running archetype-aware interventions across grade bands.

■ 04

Cabinet readout

A 60-minute readout to the superintendent's cabinet with a custom 90-day action plan tied to your top driver concerns.

III. ENGAGEMENT TIMELINE

DAY 0 → 120

IV. INVESTMENT

USD · ONE-TIME · PILOT-FRIENDLY

SINGLE-SCHOOL \$9,750 One building, ≥ 100 staff	• MOST COMMON \$11,750 Default district pilot	WHOLE-DISTRICT \$14,750 Multi-building, ≥ 500 staff
---	---	---

V. DISCLOSURE

PAST K-12 ENGAGEMENTS

Conceptually grounded in published burnout research (Maslach & Leiter). Original assessment items authored by Pivot Training & Development. Not affiliated with, nor validated against, the Maslach Burnout Inventory®.
